The body of a 46-year-old West Springfield man was retrieved from Hampton Ponds in Southampton Sunday morning, according to the Northwestern District Attorney's Office. Nicolae Ulinici, 46, apparently drowned, a statement said. No foul play is suspected. On Saturday at around 3 p.m., Ulinici entered the water from a boat, did not resurface, and was reported missing shortly afterward, the statement said. A search Saturday was unsuccessful. Ulinici's body was found at about 9:30 a.m. Sunday. Authorities are investigating.
