Million-dollar earners by city, town

This table shows both the raw number of million-dollar earners in each Massachusetts city and town and the number of million-dollar earners per 1,000 residents in each community. Million-dollar earners are defined as residents who reported an adjusted gross income of over \$1 million during the 2014 tax year, the most recent year for which data is available. (Note: The state Department of Revenue does not provide data for towns with fewer than four million-dollar earners.) To see this same data mapped, [click here](#).
