J.C. Penney stores closing

Below is a list of the 138 J.C. Penney stores that are slated to close.

The company said that about 5,000 positions nationwide will be affected by the closures, most of which will occur in June. Most stores will begin the liquidation process on April 17, the company said, adding that it is looking for relocation opportunities for employees and to offer support for those who will lose their jobs.

The company announced plans to close stores last month but had not identified the stores until Friday.

This list is sorted alphabetically by state.
