What's the median household income in your town?

The Census late last week released data from the [2013-2017 American Community Survey](#), which provides detailed profiles of communities nationwide. The data show several different key points of interest — including how much household income is being reported in each community nationwide. Here's the full list, with an interactive map underneath it, that shows the median household income for each Massachusetts city and town, according to the new Census data.
